## Preschool and Kinder-Readiness Programs

The Little Knights Preschool provides a loving and joyful environment that focuses on the whole child. Preschool is the first step in the PK-12th grade Hill Country Christian School academic experience.

Our program is designed to foster the spiritual, social, cognitive and physical development of each child. Little Knights Preschool is staffed by nurturing, experienced teachers who have a heart for serving the Lord and loving and educating His children.

Our goal is to instill into the heart and mind of each child a desire to know Christ and to obey and serve Him faithfully. Children are taught to love the Lord through the Old and New Testament A Beka Bible curriculum, energetic songs, and scripture memorization. An emphasis is placed on the development of phonemic awareness skills. Reading, writing, and math readiness skills are taught through the phonics-based A Beka curriculum. Structured handwriting instruction is provided using the Handwriting Without Tears curriculum. Children also participate in multi-sensory learning centers that meet the needs of different learning styles.

Godly character and social development is encouraged through structured and unstructured cooperative play. Every day at Little Knights Preschool is a fun-filled learning adventure!
