Thank you for your interest in being a corporate sponsor at Hill Country Christian School of Austin. Our sponsorship program allows businesses to directly impact students by funding STEM materials and equipment for Fine Arts and Athletics - to name a few. You will also receive valuable promotion to our growing school community through our website, print materials, and social media channels. Your logo, which is linked to your business website, will also be displayed in our weekly newsletter that is distributed to all families within our community.

Your tax-deductible contribution also builds goodwill within the community and creates brand awareness to thousands of individuals in our parent, student, alumni, and grandparent communities.

Thank you for considering this unique opportunity to help educate, inspire, and prepare the next generation of leaders to impact the world for Christ.
